

Dawg's Letters to Unethical Judges and State Legislators

Below are copies of letters sent on Feb. 22, 2008 to the ethical twerps who are the subject of the complaints filed this date with the Texas Ethics Commission. It should be interesting to see if and when any of these miscreants voluntarily reimburse their respective campaigns for their unlawful conduct.

Judge Mario Ramirez

332nd District Court
100 N. Closner, 2nd Floor
Edinburg, TX 78541

Re: Unethical Conduct/Violation of Texas Ethics Laws

Dear Mario:

A complaint was filed with the Texas Ethics Commission on Feb. 26, 2008 regarding your improper expenditures of campaign funds to pay for (a) suits, ties and shirts, (b) Country Club dues/fees, (c) dry cleaning expenses for suits, (d) fitness center fees, and (e) expenses to visit a physician in San Antonio. You also failed to provide any detail as to the "purpose" for numerous purchases at Holiday Wine & Liquor in violation of reporting rules.

A copy of the complaint can be found by going to "Texas Reporter" on my website at www.noethics.net and then clicking onto "Campaign Ethics Complaints filed v. Texas Judges."

When I first discovered your misconduct, I intended on including you as a subject in my first book "Judicial Misfits," which was just recently published and is available at Amazon.com. However, due to the fact that there were more deserving candidates for the 1st Edition, I chose to exclude you. I'm sure you understand!

If you go to my website at www.noethics.net and click onto "Judicial Misfits – Future Candidates" you'll see your name highlighted in Green which denotes that you were a

finalist for the 1st Edition and will be first in line for consideration for the 2nd Edition. As of this writing I cannot imagine that your accomplishment will cause you to be excluded from the 2nd Edition; however, I cannot provide you with any guarantees since the competition is so intense.

As I suspect you know, in my business accuracy (due diligence) is of the utmost importance. Therefore, if there are any crimes or misdemeanors, etc. that you've engaged in over the years that have not been exposed and/or reported on, I would greatly appreciate it if you would provide said information to me.

Are the suits you illegally purchased with campaign funds from Larry Malkani in Cape Coral, Florida holding up? For the price I would like to think so. In the future, I would respectfully suggest that use your own money to purchase clothing. I trust that you will be immediately reimbursing your campaign for these illegal expenditures, and when you do please provide me with documentary evidence that you've done so.

I trust that you will immediately repay your campaign for these illegal expenditures. Please provide me with documentary evidence that you've done so that in the interest of fairness I can give you the credit you so richly deserve. Of course I'll post the payment on my website on a page titled "Restitution."

Lastly, if you possessed a modicum of ethics, I believe it would be your duty to immediately resign from the bench. It is rather discomfoting to know that someone of your ilk is sitting in judgment of others.

Sincerely yours,

Dave Palmer

Justice Jesse Wainwright

Texas Supreme Court

Re: Unethical Conduct/Violation of Texas Ethics Laws

Dear Jesse:

I'm pleased to announce a complaint about your improper expenditures of campaign funds was filed with the Texas Ethics Commission on Feb. 26, 2008. You can obtain a copy of it by going to the "Texas Reporter" section on my homepage and clicking onto Campaign Ethics Complaints filed v. Texas Judges." Also, go to "Judicial Misfits – Future Candidates" and you'll see your name as a candidate for the 2nd Edition (the 1st

Edition is now available at Amazon.com.) I have also alerted Travis County DA Ronnie Earle about your conduct.

As you well know, the use of campaign funds to pay for living expenses in Austin is clearly illegal. Unfortunately, this well-known prohibition didn't stop you from using over \$9,000 for such purposes shortly after your ascension to the throne. As I noted in my complaint and letter to Travis County DA Ronnie Earle, I do not know if the statute of limitations regarding this unlawful conduct has tolled. Even if it has, I trust that you will immediately repay the \$9,000 to your campaign account. Please provide me with documentary evidence of such payment when it is made. When you do so, I will publish said payment on my website under a page titled "Restitutions."

I am at a loss to as to how you were able to persuade the voters to elect someone who is ethically impoverished to the Supreme Court. With that said, on behalf of the citizens in Texas who are obviously held to a "higher standard of conduct," I would respectfully ask that you resign from office. The good citizens of Texas deserve better, right?

Sincerely,

Dave Palmer

In addition, I have also filed a complaint with the State Commission on Judicial Conduct, a copy of which can be found at "Texas Reporter" by clicking onto "Disciplinary Complaints filed v Texas Judges." I have also reported your conduct to Travis County DA Ronnie Earle.

If you go to my website at www.noethics.net and click onto "Judicial Misfits – Future Candidates" you'll see your name. Given the degree of misconduct, I'm confident that

you'll be the subject of the second edition of "Judicial Misfits" (The 1st edition has been published and is now available at Amazon.com). Hopefully, you will be drummed out of office by the Judicial Conduct board (I'm not holding my breath given their abysmal track record), and if not by the voters.

I trust that you will immediately repay your campaign for these illegal expenditures. Please provide me with documentary evidence that you've done so that in the interest of fairness I can give you the credit you so richly deserve. In addition, I have also filed a disciplinary complaint with the Texas State Bar Assn State which can be found at “Texas Reporter” by clicking onto “Disciplinary Complaints filed v Texas Legislators.” I have also reported your conduct to Travis County DA Ronnie Earle.

Given your misconduct and that of your peers in Texas, California, Ohio and elsewhere, I have decided to author and publish a book titled “Legislative Misfits,” which will be an offshoot of my recently published book “Judicial Misfits” that is now available at Amazon.com.

The evidence of legislators that are ethical dwarfs, elves and/or lepercons throughout the country is absolutely amazing. Of course telling you this is like singing to the choir, right Bob? It would appear to me that you and yours could easily qualify for a defaulted Chapter 7 filing for being ethically bankrupt!

I trust that you will immediately repay your campaign for these illegal expenditures. Please provide me with documentary evidence that you’ve done so that in the interest of fairness I can give you the credit you so richly deserve. Of course I’ll post the payment on my website on a page titled “Restitution.”

Sincerely,
